

Solid, green oak bollards are an attractive way to mark edges, establish boundaries control traffic or direct pedestrians. Our bollards are made from fresh sawn, beam quality oak.

The top can be finished as a pyramid, flat, soft edged top, or if you are trying to match an existing design please send us a photo for a quote. A routed band and reflective discs are optional extras.

Our bollards are rough sawn or can be planed. They are left untreated so will weather to a silver grey over time. Please note that these may develop characteristic cracks which is natural with all green oak.

Rough Sawn Price List

This includes the finished top as a pyramid, flat, soft edge.

Length	Size	Individual price	Orders of 10+
1.2m	100mm x 100mm	£50	£45
